Christmas Math Worksheets · Grade 5

Fractions and decimals

Answer key · ZogMath

---

1. Use 0.75 m of gold ribbon and 1.6 m of silver ribbon. How many meters in all?
   2.35 (0.75 + 1.60)
2. A 6.5 m ribbon has 2.75 m cut off. How many meters remain?
   3.75 (6.50 − 2.75)
3. Three quarters of the 32 gift tags are red. How many are red?
   24 (32 ÷ 4 × 3)
4. Use 1/3 of a roll in the morning and 1/4 in the afternoon. What fraction remains?
   5/12 (1 − 4/12 − 3/12)
5. Four equal ribbon pieces measure 0.45 m each. What is their total length in meters?
   1.8 (4 × 0.45)
6. A class uses two fifths of 45 paper stars for its display. How many stars are left?
   27 (45 ÷ 5 × 3)
